

# Experienced Consultant

Since KCIC's inception, our core values have led to the creation of a team of the best and brightest minds in the industry. Our highly credentialed leadership and vibrant team of consultants offer a unique combination of deep skill sets and enthusiasm for solving our clients' largest issues.

We offer challenging consulting opportunities in the areas of insurance and risk management, financial and economic strategy, relational database management and analysis, and dispute resolution. If you're a talented, resourceful candidate who wants to be a part of a fast-paced consulting firm, then read on.

## **RESPONSIBILITIES**

- Prepare technical work, including financial analysis, computer modeling, data collection and industry research
- Assist development of project plans, progress reports, proposals, presentations and associated project documents
- Complete project deliverables on time at highest level of quality
- Perform other job-related responsibilities as assigned

## **REQUIREMENTS**

Qualified candidates will have a Bachelor's degree in an analytical or technical field, such as finance, economics, or systems engineering. We provide a wide range of services to our clients and are looking for candidates who possess a variety of skills, including:

- Ability to apply technology and knowledge to solving business problems
- Strong communication and interpersonal skills
- Ability to both work independently and within a collaborative, team-based environment
- Effectively prioritizing and executing tasks
- Experience with data management software, such as Microsoft Access and SQL

## **SALARY AND BENEFITS**

- Highly competitive salaries
- Incentive compensation through yearly performance bonuses
- 401(k) tax-deferred savings plan
- Tuition reimbursement program
- Generous health insurance plans
- Ongoing training programs and professional development
- Regular, KCIC-sponsored opportunities to give back to the community
